Introduction

AIDO XL-C, an endorsed brand of dormakaba, aims to provide architectural hardware to enhance the beauty and functionality of various kinds of premises. We design and manufacture premium Digital Door Locks, Door Hardware, Glass Fittings, Automatics and Spiders & Balustrades with new-age innovative technology.

As an endorsed brand, we inherit our expertise from our parent company dormakaba, and dormakaba has gone from strength to strength and become a major player in the access solutions industry that it is today.

With 150+ years of experience in the world market of access and security, dormakaba continues to innovate and deliver the best products, solutions and services to its customers around the world. We take inspiration from our holding corporation to make major advancements as a credible player in the field of structural accessories and hardware.

Scan for app

Powered By

AIDO SMART

The AIDO SMART App enhances the functionality and security of Digital Door Locks, delivering an unmatched user experience.

FEATURES

REMOTE CONTROL
Unlock your door from anywhere using your smartphone.

REAL-TIME NOTIFICATIONS
Get instant phone alerts for lock activity, so you know who enters or exits your home.

USER MANAGEMENT
Easily add, delete, or modify user access rights, including temporary access for guests.

ACCESS LOGS
View detailed logs of all lock activity, showing who accessed your property and when.

VOICE CONTROL
Compatible with Amazon Alexa and Google Assistant for hands-free lock control.

AUTO LOCK/UNLOCK
Set up auto lock/unlock based on your proximity for convenience and security.

CUSTOMIZABLE SETTINGS
Customize lock settings, including specific lock/unlock times.

FIRMWARE UPDATES
Get automatic firmware updates for the latest features and security enhancements.

BENEFITS

ENHANCED SECURITY
The app offers robust security with real-time notifications and access logs, keeping you in control.

CONVENIENCE
Easily manage lock and user permissions from your phone, granting access as needed.

PEACE OF MIND
Get real-time alerts and access logs for peace of mind, at home or away.

EASE OF USE
The app's user-friendly interface is easy for everyone to control and monitor the lock.

FLEXIBILITY
Customize settings and user access for a personalized security solution.

FUTURE-PROOF
Regular updates keep your lock secure and up-to-date with the latest features.

Manufacturing Facility

At AIDO XL-C, our manufacturing facility is the cornerstone of our commitment to quality and innovation. Equipped with state-of-the-art machinery and technology, our manufacturing plant is designed to produce the highest standard of architectural hardware such as Digital Door Locks, Door Hardware, Glass Fittings, Automatics, and Spiders & Balustrades. Our facility has highly skilled professionals who bring precision and expertise at every production stage. From the initial design to the final assembly, our rigorous quality control processes ensure that every product leaving our facility meets the stringent standards expected from AIDO XL-C. We continuously invest in upgrading our facility to stay ahead in the rapidly evolving industry, allowing us to offer our clients cutting-edge solutions that combine functionality with aesthetic appeal. Our commitment to sustainability is also reflected in our manufacturing practices, prioritizing eco-friendly processes and materials. By maintaining full control over our manufacturing processes, AIDO XL-C guarantees the reliability and durability of our products, ensuring they perform impeccably in any environment.

Our facility's quality management system is ISO 9001:2015, Environmental management system ISO 14001:2015, Occupational health & safety management system ISO 45001:2018.

Testing Facilities

At AIDO XL-C, we strive for precision and perfection in all our products and we take pride in delivering products that meet the highest standards of quality and performance. With the support of our parent company, dormakaba, we have access to a wide range of expertise and resources that allow us to stay at the forefront of innovation and technology. Our products are designed to be user-friendly, reliable, and efficient, making them a great choice for any application. Our rigorous testing and quality control processes ensure that each product we manufacture is built to last and deliver optimal performance.

Our client partners rely on us to bring quality products to market quickly and efficiently, and so can you.

Our PQS Test Laboratory has been assessed and accredited in accordance with the standard ISO/IEC 17025:2017 by NABL.

Customer Service

"Customer first" is the motto we live by. AIDO XL-C enters the market with enough flexibility and versatility to accommodate every need and want of customers. Right from our philosophy to day-to-day activities, our thoughts and actions have one single goal-to always make customer satisfaction our priority. We are committed to ensuring the best performance in all sectors thus leaving a long lasting impact on our customers' lives, both professionally and personally.

Backed by the strong reputation of our parent company and the ideals we inherited pointing us in the correct direction, AIDO XL-C guarantees that every customer receives only the finest, every time, without any compromise. Our customers can always reach out to us on our customer service number **+91 89391 00099** and avail assistance from a strong team of 100+ service technicians who provide after sale services and consultations. email id: service.india@dormakaba.com

Our Presence

'AIDO XL-C with its aggressive marketing initiatives, seeks to extend the partner networks and establish a strong presence for the brand in the retail sector. With four zonal offices, 400+ products, 100+ dealer network and 200+ cities covered, we have established a pan-India presence; right from Jammu and Kashmir to Kanyakumari.

By boldly embracing change at the right time to keep up with the changing market dynamics, we firmly believe that we will evolve into a leader in the retail sector.
